PHOTO COURTESY OF THE EVENING BULLETIN

Washington, Dec. 22.—China and Japan are represented this winter by the most brilliant diplomatic and social retinues that those governments have ever sent to this country. Baron Yosaga Uchida, the new Japanese minister and the baroness are known the world over in diplomatic circles for their charming personalities. Both have visited all the courts of the old world, and Washington looks forward to their receptions with keen pleasure. They have as guests five or six wealthy young women of Japan, and the baron's military staff is made up of several men prominent in army and social circles in his country. The retinue of Minister Chank Yin Tang, the Chinese representative, is by far the largest delegation China has ever sent to the American capital. Besides the diplomatic staff there is a large force of secretaries, and Dr. Chang has with him, besides his wife, his two daughters, who are both beautiful young women. They were educated in Europe. Miss Isabelle will make her debut early in January. The Chinese embassy now occupies its new building, one of the most commodious of its kind here.

## Y.M.C.A. PROGRAM IS ELABORATE

### "Honolulu By Moonlight" Will Be Portrayed By Members

The local Y. M. C. A. have planned an elaborate program in connection with their "Honolulu by Moonlight," to be given this evening. The fun will commence promptly at 7:45 o'clock, and will be limited to members of the Association only, as the accommodation is limited.

The first item on the program will be a sightseeing trip to various points of interest in and about the city. The social hall has been fitted up to represent a street car. This includes real car tickets, passenger registers, conductors, motormen, and a genuine "harker," whose duty it will be to point out the places of interest and describe briefly the customs and habits of the people who will appear from time to time to entertain the audience.

Steps will be made at various well-known institutions, such as the Orpheum, where two boxing bouts between some of the best amateur pugilists in the Association will be given. The Opera House will be visited, where a special program has been arranged. In the car proper, Mr. Gault, the new secretary of the boys' department, will give an exhibition of Indian club swinging, at which he is an adept. Chris Lewis will give a fancy exhibition of bag-punching, while Dr. Hand, or one of his helpers, will give an exhibition of gymnastics.

This will conclude the burlesque portion of the program. The members of the Association will then be treated to a real sightseeing trip. At 8:50 o'clock a special surprise has been arranged for members only. This part of the program will consist of at least thirty minutes of jollification. On the way to these unknown regions a stop will be made. Headed by a torchlight procession, the party will be conducted to a lonely and desolate waste, where a political meeting will be held.

Speeches in Hawaiian, Japanese, Chinese, Hindoo and English will be given. One of the special attractions of this meeting will be the famous political speech in Chinese by Johnny Anderson. This will be a treat in itself. On the return trip, refreshments will be served in a manner foreign to previous round-ups.

Great pains have been taken by the social committee of the local Y. M. C. A. to make these 1910 round-ups banner events. As "Honolulu by Moonlight" will be given under cover, members are specially requested not to bring umbrellas with them.

unless they have to walk home any considerable distance after the show is over. The fun begins promptly at 7:45 o'clock.

### WREN RACE

Tomorrow morning the Honolulu Yacht Club will hold a novel package race on the harbor, and in it the boat that collects the most packages will be declared the winner. It matters not where the craft finished, as regards place in the race; the real test is the collection of the packages which, to the number of fifty or so, will be dotted all around the harbor.

The following entries have been received for the race and they come from both the ranks of the wrens and Pearls. The race will start at 11 o'clock and the Pearl, Luther Hough; Ty, Max Bolte; Viking; Mybre; Roaring Gimlet; Hendry; Galloping Mary; Riley; and Danceling Sally, Riley.

This is the third and final race of the series, and it should draw a big crowd of spectators to the waterfront. The small heats set through the water in great style and if the wind is not too strong tomorrow a fine race should ensue.

### BOAT CLUBS WILL MEET TOURISTS

Tomorrow morning at the Heanlan Boat Club all the members will be present in force, and when the Cleveland enters the harbor, crews of oarsmen will range alongside the big steamer and escort her to the dock.

The Myrtles are joining in the affair, also, and they will have crews out to meet the excursion boat. All members are requested to be at the clubhouses early in the morning.

### SUGAR OUTLOOK

Hawaii's sugar crop for the 1910 campaign is moving to the market in good form and is getting the benefit of the prevailing good prices.

The figures given out by the Sugar Factors Company today show that the total amount of sugar to reach the markets of the coast and New York for the season 1910, to be 19,569 net tons. This amount was landed as follows: Hydram 438 tons; Lurline 1000 tons; Alaskan 10,256 tons; Hilunian 1258 tons; Kalundin 2582 tons.

There are 50,333 tons of this year's sugar on the way to the market. This is being carried in the following vessels: Arizona 11,311 tons; R. P. Rillit 797 tons; Virginian 7630 tons; Andrew Welch 650 tons.

This makes a grand total of sugar sent out for the market up to January 22, 1910, of 39,847 net tons.

Henry Warman assimilated an enormous amount of alcohol refreshment yesterday and consequently was somewhat under the weather when Police Officer P. D. Q. 27 gathered him in. Harry had to dig up \$7 this morning at the request of Judge Andrade.

### BRICK COMPANY FINALLY FLOATED

### Local Capital Will Put Up Plant For Use of Lava Rock

The Honolulu Lava Brick Company, Ltd., capital \$100,000, seventy-five percent paid in and \$25,000 treasury stock was announced from the office of the Henry Waterhouse Trust Company this morning as floated and ready to proceed.

This marks the completion of an effort to enlist local capital in making a good durable brick from lava rock.

A contract has been made with the American Clay Machine Company to furnish a plant that will turn out thirty thousand bricks daily.

This plant will be located opposite the pumping station at Kapulana where there is a large supply of rock that has been thoroughly tested and passed on as suitable for turning out a first class product.

Local people are back of the company and have taken up good sized blocks of the stock, and it is believed that finally a brick will be secured that will make a most attractive and most durable building material.

### Masons On Board.

The Cleveland was chartered for a round-the-world Masonic cruise.

Frank Clark, its promoter, is a 323 degree Mason and a member of the lodge in Jerusalem, where he was born of American parents.

Herbert Clark, Frank's elder brother, who brings the Cleveland into port tomorrow morning is also a Mason. When the Cleveland reaches San Francisco and takes aboard 779 west-bound cruisers, Frank C. Clark takes charge, while his brother Herbert races across the continent to conduct the fourteenth annual Clark Masonic cruise of some 700 to the Holy Land.

The Odd Fellows and the Christian Endeavorers are making great preparations to receive the cruisers tomorrow. Francis Clark, the father of the C. E. movement being aboard. He is no relation to Frank Clark.

It is probable that the Masons of Honolulu will be much in evidence in welcoming Brother Shriver, Frank Clark on February 24. A Past Master will then be aboard the Cleveland and a lodge room set aside and Masonic meetings held all the way around the world.

### Eiks to Entertain.

The forty visiting Christian Endeavorers in the Clark party arriving on the Cleveland tomorrow morning will be tendered a Hawaiian luau at the home of Mr. and Mrs. S. M. Kanakau, Waikiki. This will be given shortly after the noon-day services. There will be a musical program, consisting of songs in Hawaiian by delegates from the different islands of the Territory.

Lodge 616 of the local Elks has completed a program of entertainment for the visiting members of the order. This includes auto rides, receptions, luncheons, launch rides and sightseeing trips to the Pali and Moanalua, all for the edification of the "Best People on Earth."

Sixteen automobiles will be in waiting at the Alakea street wharf tomorrow morning at 7:30 o'clock to carry the visiting Elks to the hill beyond Moanalua, where a superb panoramic view of Pearl Harbor, the Honolulu sugar plantation and Diamond Head may be obtained. On the return journey from the Pali the visitors will stop at the Country Club, where lauches will be served.

In addition to Mrs. Dr. Clarke, Mrs. Robert Burdette of Pasadena, Cal., will address the Junior Endeavor meeting in the Central Union church at 3 o'clock. All the young people of the various Sunday school classes throughout the city have been invited to attend this rally.
